If at all, this should fall under the description 'financial arrangements entered into by the State' (Cl X); but by placing money at the disposal of Ry Comrs, we enter into no such arrangements. I do not think that this subject can be held to fall under the Schedule. If I am wrong, it may now be dealt with as such & placed before the Council.

The Comptroller reports that
no provision was made in the
Revenue Estimate for 1902-3,
for any expenditure under
Loans to Agl Banks, for Irrigation
Works &c. but in the Other Services
an item of £8,000/ has
been Estimated under the Major
Head "Loans and advances",
that though reflects the Enlargement
in this Estimate, the Electric Power

In connection with Contract Accounts with Messrs Forbes & Co I have been ordered to enclose a Return showing as that account a net income of 3 lacs instead of an outgoing of £ 2,73,000 and the closing balance of this year of 70 lacs instead of 66,22,000 originally estimated, this increased closing balance will still be 5 lacs short of the minimum working balance required for ordinary Revenue purposes and can be reached only by sale of 18 lacs of 3% Paper of which 9 lacs have already been sold.

He therefore recommends the postponement of this proposed Grant to the next year unless they are very urgently required during the current year

Orders are solicited as to whether the Agra municipality - the Allahabad for Irrigation works & Landholders Trust for [illegible] or Mr Kept Back.

With regard to Irrigation works
It is respectfully submitted that

sanctioned during the current year still 2nd & subsequent advances are to be made for wells for which loans have already been sanctioned 1st or partial advances have already been made, but the parties owned complain that the partial works done by their wells were damaged for want of funds. For this purpose at least a sum of Rs 12,000/ is urgently needed.

It seems to me that these advances cannot be withheld for want of funds. They are not after all of large amounts, and it will not look well that such measures of help to agriculturists

should be deemed even to this small extent. Submitted for orders — H

The Comptroller reports that the probable amount of repayments during the current year on account of advance made for Land Improvements and Irrigation works is Rs 30,800/- (Viz Rs 7,800/- for Land Improvements & 22,800/- for Irrigation works.) that out of this amount viz Rs 12,800/- is available for advances for Land Improvements, for Irrigation works & for Takavi advances. But before the objection viz: grant of such advances not having included in the Budget, was taken, Govt No. 1606-15 dt/16-10-02 allotting Rs 9500/- 0523-02

for advances like those under the current Takavi Rules during the current year, issued. There is only account available for advances for irrigation works & for land improvements while the amount is only Rs 3,100/ while the amount needed is Rs 21,500/ The Supplementary further proposals that funds required for Loans are not provided for in the Budget Estimates for Rev. Receipts & Service Expenditure but are usually entered in the Revenue or "Works and Loans" Estimate.

General and Revenue DEPTS.

SIR,

With reference to your No.R3174 dated 11th Instant requesting to be informed of the probable amount of repayments during the current year on account of advance made for Land Improvement and Irrigation Wells, I have the honor to state that about Rs.7,300/- towards the former and Rs.22,300/- towards the latter may be recovered.

2. These amounts are not included in the Civil Budget Estimates as they relate to Debt Heads. They are generally taken into consideration in the preparation of a Resource Estimate or an Estimate of the Ways and Means.

3. In regard to the sum of Rs.37,000/- which it is intended to advance for the Land Improvements and Irrigation Wells and under the Takavi rules only Rs.12,600 (30,600-18,000) is available for the purpose.

4. Funds required for Loans are not provided for in the Budget Estimate of Revenue Receipts and Service expenditure but are usually entered in the Resource or "Ways and Means" Estimate. For the year 1902-1903 net incomes of Rs.14,000/-, Rs.2000 and 2000 are entered respectively under III Advances and Loans (20 and 21) Advances and loans for Irrigation (19) Loans and advances for Sugarcane by Kattays and (22) Loans for Improvement of
